Freezer Cleaner

Freezer Cleaner is specially formatted for use in walk-in freezers and refrigerated coolers. This ready-to-use product provides effective cleaning at temperatures as low as -30F liquefying and removing frozen dirt and grime deposits.

Product Attributes

- Effective cleaning at temperatures as low as -30F
- Liquifies and removes frozen dirt and grime
- Safe on use on concrete, steel, aluminum and plastic surfaces

Physical Properties

Appearance: Clear, Colorless Liquid
Odor: Mild Fragrance
pH range: 9.4 - 10.4

Bottle Size: One Gallon
Package Size: 4 Gallons/Case
Part #: DCT030160

Recommended Directions for Use

1. Do not dilute
2. Apply **Freezer Cleaner** directly to floors, walls and shelving. Use mop, sponge or scrub.
3. Allow to soak in for 10-20 minutes. Heavier soil or ice deposits may require longer time for soaking.
4. Loosen thick ice buildups with scraper
5. Wipe areas with mop or sponge. Wring our mop often.
