INTRODUCING **DSCL DIVERSIFIED SUPPLY CHAIN LOGISTICS, LLC**

Logistics services aligned with
nationwide strategic operations across
the country

At **DSCL, Diversified Supply Chain Logistics, LLC**,
we offer a comprehensive range of supply chain solutions to Fortune 100
and 500 companies, **bringing large size solutions to big and small
partners.**

- ▶ With a diverse range of services, we handle everything from the production line to logistics, fulfillment, and beyond.
- ▶ We specialize in the crucial “last mile” of the supply chain, secure storage, offering kit assembly and efficient transportation.
- ▶ Our comprehensive approach streamlines operations, saves costs, and ensures reliable and efficient delivery.
- ▶ We simplify supply chains while supporting larger companies in their minority spend initiatives.

A network of ~30 Locations = ~5,000,000 sf

OUR SUPPLY CHAIN SOLUTIONS OFFERS

**Relationships and
Partnerships**

**Logistics and
Staffing**

**Medical Supply &
Pharma (3PL Services)**

**Bulk Storage and
Special Projects**

**Display, Kitting,
and Packaging**

SERVICES OFFERED

Relationships and Partnerships

With our ownership actively involved with execution, customer relationship building, and partnership formation, DSCL brings nationwide capabilities with the speed of small business decision making to our customers.

Logistics and Staffing

DSCL excels in logistics and staffing services. We provide comprehensive staffing solutions tailored to the specific needs of distribution centers, manufacturing plants, and more. Additionally, our warehouse services utilize cutting-edge technology and expertise to optimize all aspects of the warehouse, from design and layout to inventory management and process improvements.

Medical & Pharma Supply (3PL Services)

DSCL offers fully licensed and validated 3PL including storage and order fulfillment for Medical Device, Rx and OTC customizable client specific solutions. This includes facilities capable of bottling, kitting, or re-packaging solutions for Oral Solid Dose products at scale for clinical trial support.

Bulk Storage and Special Projects

DSCL specializes in optimizing warehouse capacity to ensure optimal performance. We have the expertise to handle any specific or unconventional projects that may arise in your supply chain.

Display, Kitting, and Packaging

If you have specialized requirements for display, kitting, or packaging, we have the capabilities to accommodate your needs.

WHY CHOOSE DSCL

Simplifying Supply Chain

By consolidating services and leveraging our end-to-end capabilities, we help streamline operations, reduce complexity, and enhance overall supply chain efficiency.

Vertical Expertise

We understand the unique needs of various industries. Our facilities are equipped with cold storage refrigerated facilities ideal for pharmaceutical, food and beverage, and other perishable goods. We also cater to high-value items like electronics, ensuring secure and specialized handling throughout the supply chain.

Last Mile Excellence

Whether it's kitting, moving, or storing goods, our meticulous attention to detail and reliable transportation network ensure timely and accurate delivery to the intended destination.

Auditing Services

We offer auditing services to assess and optimize existing logistics suppliers. Our expertise allows us to identify areas for improvement and implement strategies that drive efficiency and cost savings.

Extension of Your Organization:

We consider ourselves an extension of your own organization so as to ensure seamless integration with your existing operations, providing unique solutions that align with your business objectives.

Personal Involvement of Company Owners

Our company owners are personally involved in the day-to-day business, committed to delivering exceptional service and maintaining strong relationships with our clients.

ABOUT US

Founded in 1971, Diversified Chemical Technologies, Inc. (DCTO) has been a best-in-class chemical manufacturer in Metalworking, Food/Beverage, Healthcare and Industrial Cleaners & Disinfectants.

Diversified Chemical Technologies Operating, Inc. has earned its reputation through a commitment to quality, service, and cost-effective innovation and solutions. Our proprietary cleaners, process fluids and disinfectants provide our customers with a complete range of design and build capabilities, manufactured to the highest quality and environmental standards through our ISO certified facilities.

As an MBE (Black Owned) company founded in 1971, our CEO, George Hill, had a vision to partner with leaders in technical solutions and then with customers who were leaders in the markets. This has transformed into Key Alliance Partnerships with P&G, Henkel, Grainger, and Staples, aligning with multiple Fortune 100 partners, creating unique, tailored solutions with their diversity and inclusion goals.

Founded in 1971, Diversified Chemical Technologies, Inc. has built a 50-year tradition of Creating Trusted, Transformative Partnerships with both customers and our people. We are proud to also partner with industry leaders in all three businesses, combined with our internal appetite for innovation and unique customer solutions. With more than 150 years of combined experience in multiple industries, Diversified Chemical Technologies, Inc.'s leadership committee provides the roadmap to customer solutions and impacts the building of an internal culture of leadership and empowerment.
